Subject: Conditional Approval of Residual Polymer Testing, Crandall Canyon Mine,  
C/0150032, Task ID #4639

Dear Mr. Marshall:

The above-referenced amendment has been conditionally approved. Final approval will be granted when the following conditions have been met:

- 1) Revise the proposed language on page 3 of Appendix 7-65. It appears that the language as submitted should be a complete sentence (i.e. add a period on the end of the preceding sentence and capitalize the 'i' in the word 'if'.
- 2) Provide 2 clean copies prepared for incorporation.

Please submit the clean copies by September 10, 2014. Once the copies are received with the aforementioned text revision, final approval will be granted. At that time, a stamped incorporated copy of the approved plans will be returned to you for insertion into your copy of the Mining and Reclamation Plan (MRP). This modification does not necessitate an update to the Technical Analysis.

If you have questions, please call me at (801) 538-5350.

Sincerely,

Steve Christensen  
Permit Supervisor
